**DETAILED ACTION**  
**REASON FOR ALLOWANCE**

Claims 1-22 are allowed.

The following is an examiner's statement of reasons for allowance: The present invention is directed to a method for the automatic creation of a visual summary of video content of a video source.

The independent claims , 10, 18 have a unique feature of "adjusting a keyframe display rate of the modified visual summary to correspond with a fast forward/rewind speed of the video source so that the keyframes can be displayed during fast forward/rewind of the video source"

**Sezan et al., US 6,236,395**, discloses providing at least one description scheme. For audio and/or video programs a program description scheme provides information regarding the associated program. For the user a user description scheme provides information regarding the user's preferences. For the system a system description scheme provides information regarding the system. The description schemes are independent of one another. Preferably, the program description scheme, user description scheme, and system description scheme are independent of one another.

**Takemoto, US 6,335,742**, discloses a processor-based display processing apparatus, method and user interface allows for easy understanding of the contents of respective files by present a portion of the respective files as a graphics image along

with other associated attributes of the respective files. A computer readable recording medium with a program recorded therein is provided for enabling a computer to function as the apparatus and perform the method. In the display processing apparatus, when an operator selects a folder from a folder display area on a browser screen, a processor controls the selected folder to be identified and displayed, and graphics images of image files contained in the selected folder are displayed in a predetermined display area.

None of the prior art, either singularly or in combination, fails to anticipate or render the above underlined limitations obvious. Claims 2-9, 11-17, 19-22 are depending on independent claims 1, 10, and 18 respectively and therefore depending claims are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
